The archeological museum
of Pyrgos- Municipal market
(old market)

The old town of Pyrgos is one of the most famous places to hang out and it is located near the city centre.

It's lovely as it has some vintage restaurants and ancient beautiful buildings. The old town also has our local museum. In the museum there are ancient clothes and tools people used to use in their daily life.

The Square

It is in the centre of Pyrgos and constitutes the landmark of Pyrgos with lots of cafes, restaurants and the Town Hall.

Town hall

It is a neoclassical building in the city square. Its construction, which started in 1977, was completed in 1985 after a huge donation from Giannis Latsis. It houses a folklore museum.

Have you ever experienced bullying (either you were bullied or you saw someone being bullied)? What happened? How did you feel?

► St. B.

I have experienced bullying in my life. One of my classmates was making fun of me because I was weaker and much smaller than him. He used to hit me and annoy me for these reasons. Fortunately, I was brave enough to tell everything to my mother. She recommended I should stay away from him until she reported it to the headteacher. My mother had reported that behaviour for four years when one day that boy was expelled from school. With the support of my parents I finally overcame that problem.

Suppose you were bullied, what would you do? How would you react? How would you feel?

➤ St. E.

If I was bullied, I would immediately tell my parents and teachers so that I wouldn't be bullied again.

➤ St. F.

I would try to stop the bully by telling him to behave like a person. I wouldn't cry or be sad. I would stand up for myself.

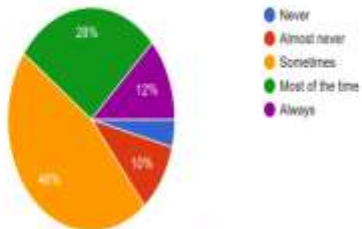

➤ St. G.

If I were bullied, I would immediately tell my parents and the teachers. If I were bullied in front of others, I would feel uncomfortable but I would expect my friends to help me something that I would do if I saw someone being bullied in front of me.

ΓΡΑΨΑΜΕ ΤΑ ΔΙΚΑ ΜΑΣ ΠΟΙΗΜΑΤΑ

Wonder

Laughing, crying, loving
all emotions so widely occurring
worrying, caring, fearing
without them life would feel so boring.

But which one is more common
Which is merrier found in one's
subconscious?

Maybe it is love
Maybe it is sadness
Maybe it is revenge or even passion.

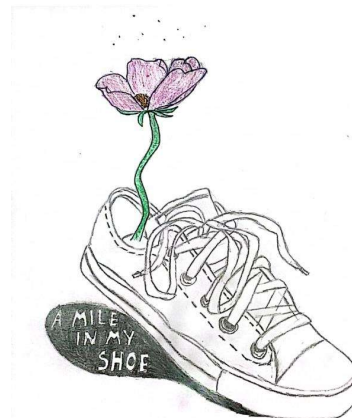

Nobody can know
everyone's internal thoughts,
nobody can know
how one's feelings work.

So that's how wonder begins
that's how this emotion appears
and it will live with me
as long as I continue to breathe.

Admiration

Your eyes shine like the stars
when I think of you so much,
I love seeing your smile
it reminds me of the sky.

Your hair is bright like the sun
long, blonde and very soft,
I can't stop thinking of you
when you enter the room.

Passion

Your heart is priceless
and your kindness strong
you are like a fairy in a fairytale
like Aphrodite in the sky.

The sun is shining
so is your face
you're so lovely, I love you.

Love

Roses are red
Violets are blue
my heart drops
when I see you.

Your smile, your eyes
its feels so good
being so close
with a person like you.

Remembrance

When I see a rainbow in the sky,
something comes to my mind
I cannot explain what this is
but I can tell one thing,
the feeling that it brings,
is something undeniably
unforgettable.

Freedom

Don't be someone's "sometimes"
Live your life free
Yellow is the colour of freedom
It expresses happiness and love
Try to be yellow and avoid being red
from anger.

Feelings

In the heart's quiet depths,
feelings bloom,
anger, loneliness, regret, happiness and others,
create our inside world and
shape our personality once and for all.
